PRODUCT & APPLICATION GUIDE

2020-2021

IF YOU'RE PREPARED TO PUSH IT, WE'RE PREPARED TO PULL IT.

There are times when we've all pushed it just a little too far, which is why we built the ultra-rugged AXON and VRX winches.

Unmatched in their reliability, the AXON and VRX winches are completely sealed from the mud and crud and have the brute strength to pull up to 5,500 pounds with ease.

For over 70 years we've been the leader in off-road performance and reliability, and that includes our full line of gear and accessories and our state-of-the-art plowing systems, all of which are must haves whether you're hard at work, or even harder at play.

When you go with Warn, you go prepared.

**WARN AXON POWERSPORTS WINCHES:
ADD SOME BRAINPOWER TO YOUR HORSEPOWER.**

Rocky terrain, unpredictable conditions, and unexpected challenges can make anyone feel the heat. That's why WARN's AXON winches take an already legendary reputation for proven performance to a whole new level. Re-engineered from the ground up, AXON winches completely protect critical components from water and mud with critical electronics sealed inside the metal housing. Advanced technology and controls monitor temperature and provide user feedback, all adding up to previously unachievable levels of reliability. AXON delivers technology you can count on in any situation with brute force capacity ranges from 3,500 to 5,500 lbs. and steel or Spydura rope options. All this from WARN – the company that has always put reliability above all else. If you live for pushing limits, you can't live without AXON.

WARN AXON Groundbreaking Technology Meets Unmatched Reliability

The AXON™ lineup has taken winching to the next level by combining a powerful motor and first-of-its-kind digital contactor into one unit called a Motactor™. The WARN Motactor increases performance, drops installation time, and provides never-before-seen levels of performance and feedback to the user. Tech is nothing without durability, so we made AXON the most durable powersports winch ever. All-metal construction, waterproof sealing, and increased structural rigidity are made for extreme environments. It's smart, tough, and perfect for a wide range of powersports vehicles. Available in 3,500, 4,500, and 5,500 pulling capacities, with a choice of steel or Spydura® synthetic rope.

- Motactor (motor + digital contactor) dramatically simplifies winch installation —reducing install time by up to 50%
- Advanced digital controls allow for monitoring of speed, load, and motor temperature
- Built-in load limiter prevents damage from overloading winch
- All-metal, IP68 waterproof construction is exceptionally durable and keeps the elements out
- Robust new clutch design based on legendary WARN 4WD hub lock know-how
- Limited lifetime warranty (mechanical), 3 year warranty (electrical)

WARN AXON POWERSPORTS WINCHES

GROUNDBREAKING TECHNOLOGY MEETS UNMATCHED RELIABILITY

POWERFUL, HIGH-EFFICIENCY MOTOR

Redesigned and re-engineered from the ground up, the new AXON motor is the biggest in the industry, delivering maximum pulling power with minimum amp draw

FULL METAL ARMOR

Protects vital components from impact and damage. The aluminum structure also helps to dissipate heat, helping to extend winching duty-cycle and performance

TIE PLATE CONSTRUCTION

New design delivers increased structural rigidity

SPYDURA® SYNTHETIC OR STEEL ROPE

Increased diameter rope is rated to exceed the rated load limit

PLANETARY GEAR TRAIN

The new, completely re-engineered three-stage gear train delivers reliable pulling power that is fast, quiet and more efficient than ever

WATERPROOF CONSTRUCTION™

The world's only powersports winch with full IP68 waterproof rating. Built to keep the water and elements out

WARN MOTACTOR™

Unique motor + digital contactor design dramatically simplifies installation, reducing winch install time by up to 50%

DIGITAL CONTROL

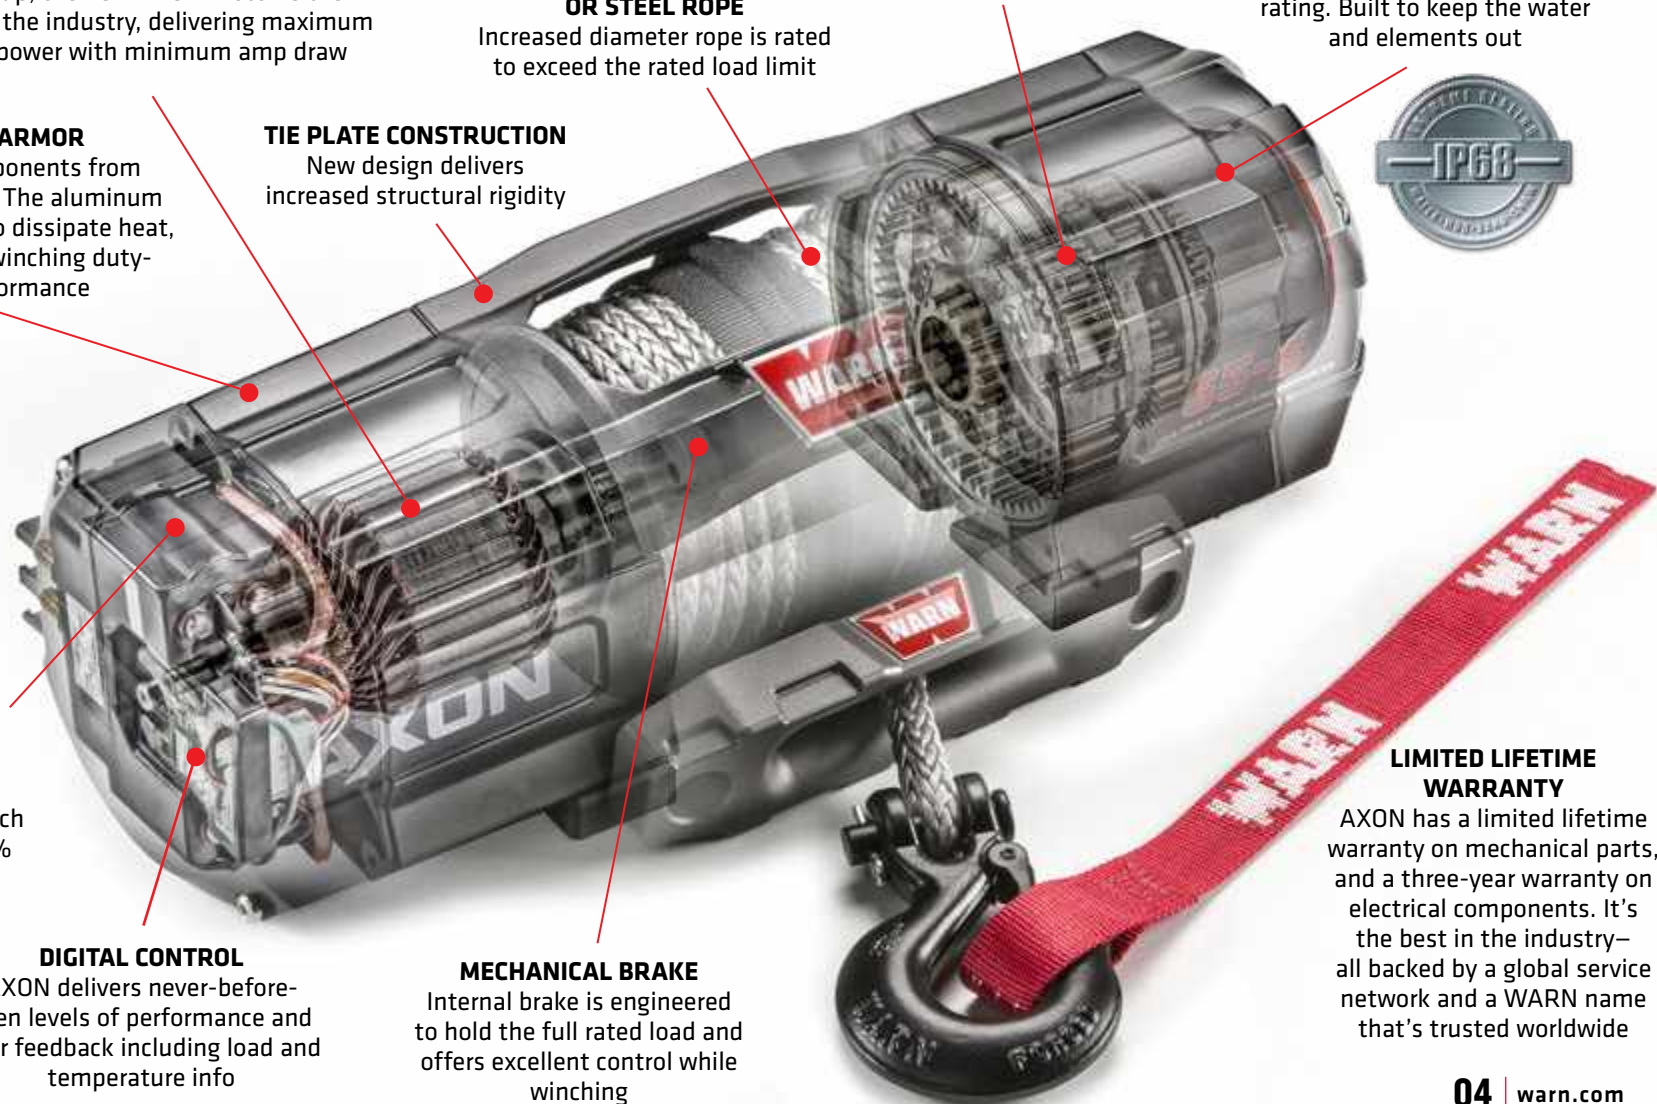

AXON delivers never-before-seen levels of performance and user feedback including load and temperature info

MECHANICAL BRAKE

Internal brake is engineered to hold the full rated load and offers excellent control while winching

LIMITED LIFETIME WARRANTY

AXON has a limited lifetime warranty on mechanical parts, and a three-year warranty on electrical components. It's the best in the industry—all backed by a global service network and a WARN name that's trusted worldwide

WARN AXON POWERSPORTS WINCHES

GROUNDBREAKING TECHNOLOGY MEETS UNMATCHED RELIABILITY

AXON winch controls feature a color-changing LED that provides user feedback during the winching process.

- A blue LED indicates the system is on and ready to pull. As the winching process begins and the load increases, the LED will change color.
- A green light will indicate a light load, and as the winch works harder, the LED will go to yellow, orange, then red under the heaviest loads.
- If the winch becomes too hot or reaches a capacity that may overload the unit, the LED will blink red and the winch will shut down until it's cooled down or the load is released.

These features keep the user informed and help extend the winch's service life.

CORROSION RESISTANT FINISH

Satin-black powder-coated finish with stainless steel fasteners looks great and resists corrosion. Salt-spray tested for over 400 hours – four times industry's standard

CLUTCH DIAL

Robust, easy-to-handle design. Based on proven WARN 4WD hub lock know-how. Built to last.

ERGONOMIC WINCH CONTROLS

Ultra-durable rubberized corded remote and dash switch are totally waterproof and reliable (IP68 rated)

**WARN VRX POWERSPORTS WINCHES:
PART WINCH. PART WORKHORSE. 100% WARN.**

Whether your day involves tracking down a buck or working the cattle ranch, more durability is never a bad thing. And the WARN VRX winches are the very definition of durability. Not only is the VRX completely waterproof, it also features a sturdy all-metal drivetrain and end housing, improved clutch design, increased capacity and class leading motor technology. The best-in-class VRX elevates every feature of our standard duty winch except the price. The result: a whole lot of get-the-job-done-ability.

WARN VRX

All-New Lineup Takes Performance And Value To Levels Never Before Seen In A Powersports Winch

Whether you're on the job or on the trail, WARN VRX winches work as hard as you do thanks to all-metal construction, a clutch based on the legendary WARN 4WD hublock design, an ultra-durable all-metal gear train, and full waterproof sealing to take on the elements. VRX is available in 2,500, 3,500, and 4,500 lb. capacities and is perfect for a variety of vehicles and any job—big or small.

- Full IP68-rated waterproof sealing keeps the elements out
- Durable all-metal construction
- Robust new clutch design based on 70+ years of WARN 4WD hub lock know-how
- Black powder-coated finish for corrosion resistance
- Load-holding brake for great control
- Smooth and reliable all-metal three-stage planetary gear train
- Limited lifetime warranty (mechanical), 3 year warranty (electrical)

CHOOSING THE RIGHT WINCH: VRX VS. AXON

Whether it's a hard-working ATV or a dune-hopping Side x Side, different vehicles—and different tasks—require different winches.

Warn offers its powersports winches in capacities ranging from 2,500 lbs. (1134 kg) all the way up to a massive 5,500 lbs. (2495 kg), with ultra-durable steel or lightweight, easy-to-handle synthetic rope.

But no matter which winch you choose, you'll get IP68-rated waterproofing to keep the water and elements out; all-metal construction for the ultimate in durability; a three-stage planetary gear train for smooth and reliable operation; and an easy-to-turn clutch dial based on decades of WARN 4WD hub-lock know-how.

STEEL VS. SYNTHETIC WINCH ROPE.

WARN AXON and VRX winches are available with either steel rope or synthetic rope. But which one is right for you? Let's look at some of the features and benefits of both.

Steel rope is extremely durable, abrasion resistant, and is good for utility applications where the line may contact objects like stumps, rocks, and other things that rub against the rope. Of course it's still a good choice for vehicle recovery, and has been used for decades by enthusiasts and workers alike. However, steel rope is heavier and less flexible than synthetic line. Steel rope is less expensive than synthetic rope.

Synthetic rope is strong, lightweight, easy to handle, and it'll even float on water making it great for vehicle recovery. Synthetic rope is more prone to damage by abrasion, and requires the use of the included abrasion sleeve when the rope comes into contact with an object. Additionally, synthetic rope should be inspected regularly for ultraviolet (UV) wear and is more expensive than steel rope. However, it's a great choice for those who are looking to keep weight down, push the limits with their vehicle, and use the winch frequently.

WINCH ACCESSORIES: EVERYTHING YOU NEED TO GO PREPARED

Trust WARN Accessories to put the “can do” in self-rescue and adventure. Portable. Versatile. Dependable. Cutting edge. WARN offers a full line-up of utilitarian gear including our top-end Epic rigging equipment and versatile Epic Trail Gear bags. We offer state-of-the-art items, such as our Bluetooth Hub Wireless Receiver which allows you to control your winch with a smart device. Whatever your need, combining your WARN winch with the correct accessory kit makes it an even more versatile and productive tool.

WIRELESS RECEIVER

USE YOUR PHONE TO CONTROL YOUR WINCH

WIRELESS RECEIVER

Control your WARN AXON, VRX, ProVantage, or Vantage powersports winch with your Bluetooth-enabled smart device

This state-of-the-art wireless control system allows you to operate your powersports winch using the Bluetooth connection on your smart device. The IP68 waterproof HUB Wireless Receiver connects to your winch, and then our free custom-developed app for either iOS or Android communicates with the receiver via Bluetooth signal. Your smart device will be able to operate the winch from up to 100' away and monitor your vehicle's battery voltage. AXON versions will also let you observe the winch's load and winch's motor temperature so you know exactly what's going on during a recovery.

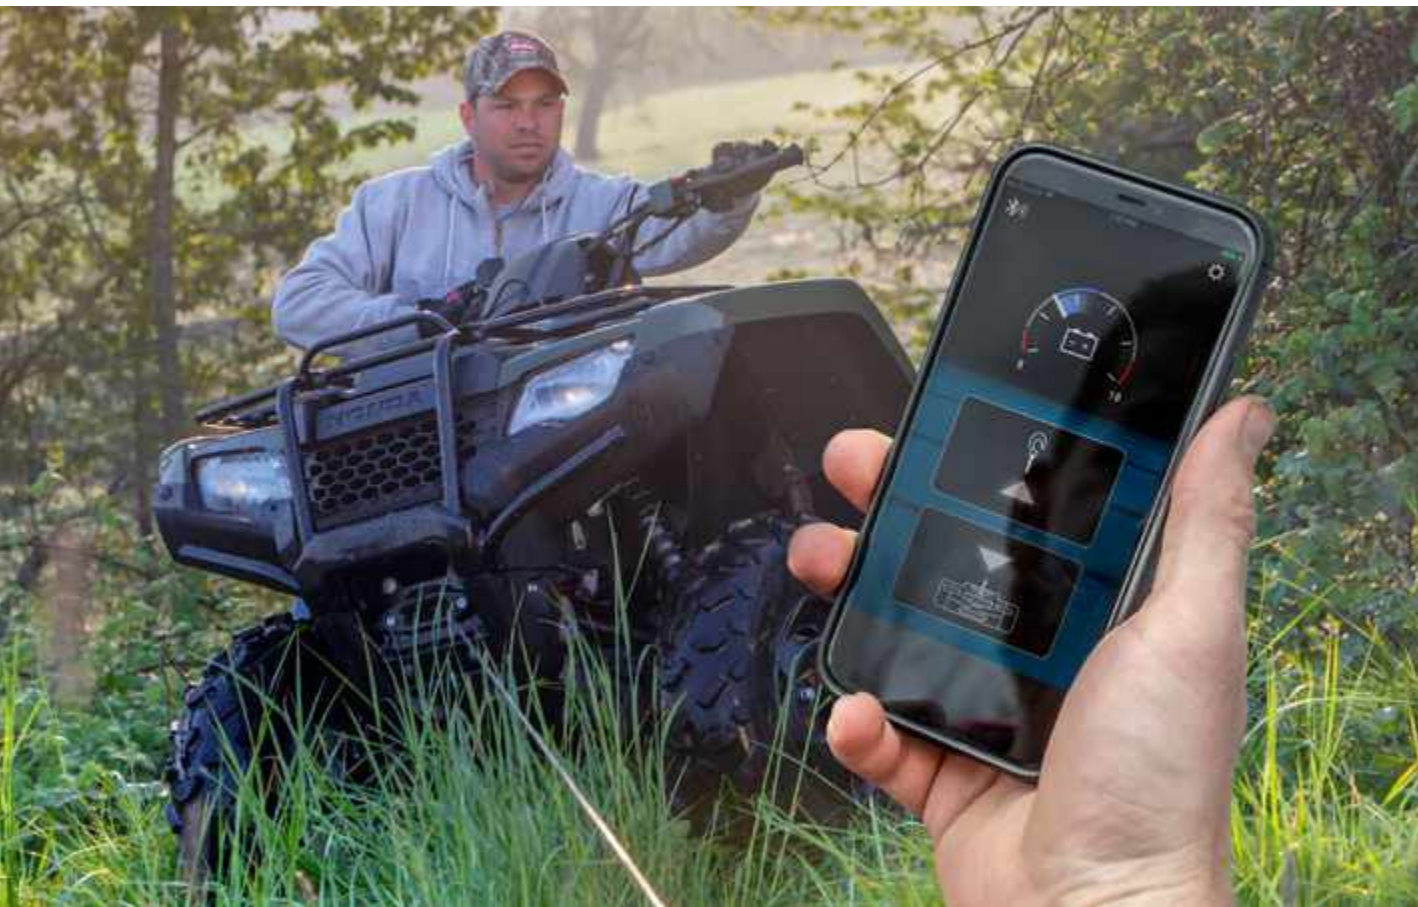

For AXON winches
PN 103940

For VRX, ProVantage,
and Vantage winches
PN 103950

- Control your WARN AXON, VRX, ProVantage, and Vantage winch wirelessly from up to 100' away using the Bluetooth connection on your smart device and our free app
- Easy plug-and-play setup
- When paired, HUB lets you control your winch and provides voltage info. AXON winches also display load and motor temperature information
- VRX, ProVantage, and Vantage versions are wired directly to the winch's contactor.
- Mounts to any tube or flat surface with built-in mounting features and includes zip ties
- Multi-color LED indicates receiver status
- Rugged construction features fully potted and IP68 sealed electronics
- VRX, ProVantage, and Vantage versions include 6' wiring harness allowing receiver to be mounted up under the hood for security.

WARN EPIC ACCESSORIES

Featuring a WARN-exclusive 12-stage coating process; utilizing e-coat and powder coatings, these market-leading accessories deliver visual appeal, improved impact-resistance and a longer wear cycle than standard winch accessories.

EPIC TREE TRUNK PROTECTOR

The WARN Epic Tree Trunk Protector Strap is designed to help protect a live tree from damage during winching operations and self-recovery situations. The strap is constructed of premium quality nylon with an encased red warning marker to indicate damaged webbing. Plus, end loops are reinforced with durable ring connectors and e-coated and powder coated for premium protection against wear and abrasion. The 1" x 8' Tree Trunk Protector is rated to 7,200 lbs.

PN 92094 1" x 8' (2.5cm x 2.4m)
Rated to 7,200 lbs. (3266 kg)

EPIC SHACKLE

The Epic Shackle provides a means for connecting the looped ends of cables, straps, and snatch blocks. The shackle's pin is threaded to allow easy removal. Rated for 5,000 lb. capacity winches and under.

PN 92092 1/2" (12.7mm) shackle with 5/8" (15.9mm) pin diameter For 5,000 lb. (2268 kg) capacity winches and under.

EPIC WINCH HOOK

The WARN Epic Winch Hook provides maximum protection and reliability against wear and abrasion. It's also been uniquely designed with a built-in beverage opener. The hook is rated for 5,000 lb. capacity winches and under.

PN 92089
For 5,000 lb. (2268 kg) capacity winches and under

EPIC SNATCH BLOCK

Able to accept both wire and synthetic rope, the Epic Snatch Block is reliable, durable, and ready for action. When used properly, the multi-purpose snatch block can double the pulling power of any winch or change your pulling direction without damaging the rope. It also helps to reduce heat buildup and amp draw during recovery. Rated for 5,000 lb. winch capacities and under.

PN 92097
Rated for 5,000 lbs. (2268 kg) winch capacity and under

TOOL ROLL RECOVERY KIT

This compact recovery kit offers must-have Powersports winching accessories in one convenient tool roll. The kit includes:

- A tool roll, two 1/2" (12.7mm) shackles, a tree strap, and winching gloves
- The tool roll is constructed of durable ballistic nylon with secure hook-and-loop enclosure that firmly attaches to ATV racks or Side x Side roll bars
- Includes additional storage space for other accessories and tools
- Tool roll doubles as a winch line damper for increased safety during recovery
- Includes easy-to-follow basic rigging illustrations printed directly on the inside of the tool roll.
